

TRI-VALLEY TRANSIT COVID-19 RESPONSE

CLEAN AND SAFE!

- To protect the public, masks or cloth face coverings are required by all transit users in Vermont by [order of the Governor](#).
- All TVT Vehicles and facilities are cleaned and disinfected frequently according to [VT Department of Health](#) and [Centers for Disease Control](#) guidelines.
- All TVT staff, drivers and volunteers are screened at the start of each workday for potential exposure to COVID-19.
- Capacity on all buses is monitored and kept low to allow for social distancing between riders.
- Plastic barriers are placed between seat rows on buses for added protection.
- Riders must schedule their trips by calling TVT offices one business day in advance to be screened for potential COVID-19 exposure and to reserve a seat.
- Drivers are equipped with Personal Protective Equipment (PPE) and trained to safely provide loading and securement of wheelchairs on all buses.
- All TVT bus routes are FARE-FREE until further notice to reduce risk of transmission.

HOW YOU CAN HELP

- Follow all state quarantine requirements for out of state travel.
- Wash your hands frequently with soap and water. If soap & water are not available, use a hand sanitizer that contains at least 60% alcohol.
- Avoid touching your eyes, nose and mouth with unwashed hands.
- Stay home if you are sick, except to get medical care.
- Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow.

[Thank you for your cooperation with our efforts to help keep our drivers, riders and communities safe and healthy!](#)

SUPPORT FOR OUR COMMUNITIES

TVT recognizes that we are in a unique position to help provide support for community needs emerging as a result of the COVID-19 pandemic. By participating with local community partners, TVT has:

- Provided grocery delivery services
- Continued service for essential employees at hospitals, grocery stores, and other vital businesses
- Made deliveries from local food shelves to families in need
- Maintained transportation for vital medical services like dialysis, cancer and addiction treatment
- Delivered food from food banks to distribution points
- Picked up food at Dept. of Health distribution events for people unable to transport themselves
- Provided extended services and hours of operation to serve seniors during special shopping hours
- Worked with local schools and Listen Community Services to deliver meals for people in need
